

THE WRATH OF HURRICANES GUSTAV AND IKE

We have experienced and witnessed the devastation of two powerful storms in the Southern Region. The wrath of Gustav and Ike affected many Sorors, chapters, Amicae auxiliaries, youth groups, and others in our blue and white family. We've had our share of heartaches, dark days, troubles, lumps and bruises. Through it all, God kept us. Thank God we made it through Hurricanes Gustav and Ike. It was because of God's grace, mercy and goodness that we are still here. He is always there no matter what comes our way. Take one moment to remember, pray and lift up the members of our blue and white family - that all of their needs will be met.

Sorors, we are in the need of your love, support and encouragement as we recover from Gustav and Ike in the states of Louisiana and Texas. There is a word of HOPE as we minister to those affected by the storms. Let's continue to answer the call through our S.O.S. - Sisters Outreaching to Sisters - program as we connect by reaching out to each other in love and service. If you know where our sorors and Amicae are, please contact us. We will open S.O.S. to collect donations. If you want to make donations to S.O.S., please make your donations payable to Zeta Phi Beta, Southern Region – S.O.S. and mail to Soror Michelle A. Joubert, Financial Secretary, P.O. Box 941323, Plano, TX 75094-1323.

**“As we recover with faith, with determination, with strength and with courage,
There is a special side of you, hope it’s one you’ll soon discover.
It’s the strong and mighty will in you, determined to recover.
It’s the faith you have to tell yourself – no road is too steep to climb.
It’s the courage to keep going, one day, one moment at a time.”**
